INITIAL PLAN VS. ACTUAL PLAN

INITIAL PLAN

Website of 10 pages which contained:

- A home page
- About cats
- About us
- Health tips
- Adoption
- Foster care
- Put cats in adoption
- Donation
- Cat care centres
- Contact us

5 Forms that are linked with pages:

- Adoption form
- Q&A form
- Donation form
- Volunteering form
- foster care form

ACTUAL PLAN

Website of 8 pages which contained:

- A home page
- Sign in
- About us
- Health tips
- Adoption
- Donation
- Cat care centres
- Contact us

5 Forms that are linked with pages:

- Adoption form
- Q&A form
- Donation form
- Volunteering form
- Foster care form

When comparing the actual plan with the initial plan, some elements of initial plan has been changed when it comes to the actual process of the website as our team realized that some parts are too complex to design in a short time.

The mandatory parts which are required to fulfil the main purpose of the website were completed with some new functions like sign in function.

As conclusion, we have finished a fully functioned website which fulfilled all it's requirements with few positive changes.
